SUPPLEMENTAL RESPONSE TO RESTRICTION REQUIREMENT

Responsive to the Restriction Requirement, dated March 27, 2009, Applicant cancel claims 1-28 and add new claims 29-44 and hereby elects Embodiment 3 of Figure 7 drawn to claims 29, 32, 37, 38 and 42, with traverse. In this response, Applicant additionally elects claims 29 and 38, which were mistakenly omitted from the previous response to restriction requirement, and delete claim 28 previously elected. The Examiner indicated that there are no generic claims. However, Applicant believes that at least claim 29 is a generic claim that reads on all of the species as identified by the Examiner.

IN CLAIMS

1-28 (Cancelled).

29. (New) A laminated chip element comprising a plurality of unit elements, comprising:

at least two sheets laminated on each other, each of the sheets having a desired property;
a plurality of first internal electrodes formed on at least one of the sheets, each of the first internal electrodes being arranged in each of the unit elements;

a second internal electrode formed on at least another of the sheets to extend over the
